

GXT EVO Mobile Shear

FEATURES

- 1 Improved stick design with fewer weld joints for improved strength and durability
- 2 Redesigned pivot system features dual pucks that reduce structural component stress
- 3 Narrower shear body with solid pivot wraps
- 4 Innovative regen tray mounting enables the tray to move independently of the shear body
- 5 Improved cover retention system
- 6 Unified head and lugs increase compatibility between attachments
- 7 GXT EVO blade kits match current GXT model kits
- 8 Bolt-on piercing tip encapsulates front of upper jaw, minimizing risk of damage while reducing welding build-up and downtime
- 9 Short primary cutting blades position apex closer to the rear of the jaws and draw material further into the jaws where higher force makes efficient cuts

APPLICATIONS

- Scrap Processing
- Demolition

*Weight includes mounting bracket to attach to excavator.

**Distance is measured from the attachment mounting pivot (boom or stick) forward.

***2nd-member installations that are at or near minimum excavator weight and all 3rd-member installations require pre-approval from Genesis.

GXT EVO shears are covered by a 12-month, 1,500-hour (whichever occurs first) warranty.

Genesis reserves the right to continually make product improvements designed to positively enhance performance.
